Agenda?

ANIMATE

Good – for focusing on one country (i.e., targeting)

SWOT slide is kind of ugly – see what we do on slide design

Think signals in the part – next, then, finally

Do not forget to open/close main sections

Contents is good e.g., talking about designer and fit with company values – great

Signals, first, second, third

Good recovery – well done – get the notes going so you can keep going. Good

In conclusion [pause]

Direction is good on the slide
