

The start is much better – smoother

Animate – segment!

Design – good – few points

Headlines is looking good

Add some pauses -

Products – I still see the same slide on the screen – despite all these customized and interesting localized products

Integrate actual pictures rather than icons to engage

Look out for the dancing hand

Advantages of targeting S. Africa – that heading would work better

Low quality of employees – be very careful saying this – it can come across as racist.

I'm hearing signal – that about wraps up :)

You need a conclusion to draw all the ideas together
