

The intonation is good – keep working on that

The speed is nice.

Think order for the introduction – let's begin (you have started!)

ANIMATE

Good use of notes

Second, (I'm hearing a signal good)

Second, strategic geographic position

Good reduction of words on slide -

In this slide . . .

Third – would be better

Second – fourth

Second is political instability – good – speed is better here and you have some pauses

The use of language is good and business like

Effective use of notes

Wrap up with a conclusion
