

Good – the start of introduction is much better
“Thank you for your cooperation” – no need
The objective is to show the advantages . . .

To begin with, huge market potential --- signal (opening)
Need to get those opening and closing signals

Good – slides do not have too many words so easy to follow

Image of Africa – yes that fits – but the whole of Africa? You are business people --- so focus (think S and T from marketing)

Next one – signals getting confused here

Next part going to talk about Check signals: Third, Large working population
Check spacing (Advantage4 – space needed)

Next Lisa will introduce disadvantages – good

ANIMATE

Watch for the dancing hand – let the hand fall to your side

etc. – no not in this situation (who wants be “etc”) The dominant cultural groups

that wraps up . . . yes

barriers – check pronunciation
